Grown from Gladioli bulbs

# Darwin Tulips

The monarchs among tulips; are of stately growth, with long sturdy stems on which are born the most beautiful globular flowers of a heavy texture. They bloom in May, often, though not always, lasting until Memorial Day, when flowers are most wanted, but always scarce and expensive. Plant in the fall about the same time as Peonies, but cannot be planted in the spring.

**Bartigon**—Fiery Red.

**Baron de la Tonnaye**—Bright Rose

**Clara Butt**—Salmon Pink.

**Farncombe Sanders**—Rose Scarlet.

**Europe**—Glowing Salmon.

**Gretchen**—Silvery Rose.

# GLADIOLI

Beautiful varieties, choice, mixed colors, and will all give nice big bloom. 50 nice bulbs, postpaid, . . . . . \$1.00

After receiving so many unsolicited testimonials from customers who were well pleased and satisfied with bulbs etc., purchased from me, especially the special offer, 50 Gladioli for \$1.00. I have decided to make some special offers on Irises and Tulips that I am certain will please and prove just as popular and satisfactory as my offer on Gladioli.

On account of the shortage of some varieties is very important to order early. My stock of some of the choicest varieties is limited and it is often impossible to secure them late in season.

In issuing this my latest price list I take great pleasure in thanking my many friends for their generous patronage in the past, and by giving good stock and value, I hope to merit a continuance of your patronage.
